- achieved & missed milestones from your project plan
  - Achieved all milestones
- any difficulties that you encountered
  - The 431 error
- any changes made to your design or project plan

  - Moved searching to the final product

  - No longer showing hours on business listings

  - Reassigned create filter functions in business model to kylie

  - Sam and shariqah are doing styling

- Questions:

  - What other ways can we improve our app to address potential discrimination like we talked about in the last meeting?

    - Feedback on what metrics we chose to include
    - We chose to weight all metrics equally, but Arvind brought up point about different ppl have different preference of what metrics matter to them - any suggestions on how to address this?
    - Any concerns on how we're calculating score?
  - How should we handle keeping our metrics up to date?
  - Should we list the total number of votes next to the score?
